

START Triage Exercise

You have already done the Voice Triage to get out the Minor (***Walking Wounded***) victims and tag them Green. Now you need to rapidly triage the remaining victims. Write the correct Category for each one below.

Remember “30 2 CAN DO”

R = Respiration 30

P = Profusion 2 secs

M = Mental Status CAN DO

Category : I = Immediate = Red

D = Delayed = Yellow

Dec = Deceased = Black

VICTIM	TYPE OF INJURY	INFORMATION	CAT
1	Compound fracture, left femur (upper leg)	R – Over 30 per minute P – Over 2 seconds M – Responds to verbal commands	
2	Sudden onset of chest pain (short breath) No apparent injuries	R – Below 30 per minute P – Under 2 seconds M – Responds to verbal commands	
3	90% Second degree burns	R – None after 2 tries P – Over 2 seconds M – No response to verbal commands	
4	Facial injury	R – Over 30 per minute P – Under 2 seconds M – Responds to verbal commands	
5	Unable to move legs	R – Below 30 per minute P – Under 2 seconds M – Responds to verbal commands	
6	No apparent injuries	R – Below 30 per minute P – Under 2 seconds M – Responds to verbal commands	
7	Chest wounds	R – Over 30 per minute P – Under 2 seconds M – No response to verbal commands	
8	Dislocated right shoulder	R – Over 30 per minute P – Under 2 seconds M – Responds to verbal commands	
9	No visible wounds	R – None after 2 tries P – Over 2 seconds M – No response to verbal commands	
10	Scalp wounds; major blood loss	R – Over 30 per minute P – Under 2 seconds M – Responds to verbal commands	
11	Massive head injury	R – Below 30 per minute P – Over 2 seconds M – No response to verbal commands	
12	Bruising over abdomen, complaining of abdominal pain	R – Over 30 per minute P – Under 2 seconds M – Responds to verbal commands	
13	Impaled; one-inch piece of shrapnel in right eye	R – Below 30 per minute P – Under 2 seconds M – Responds to verbal commands	
14	Six months pregnant woman; broken left, lower leg	R – Below 30 per minute P – Under 2 seconds M – Responds to verbal commands	

R = Respiration 30
P = Perfusion 2 secs
M = Mental Status CAN DO

D = Delayed = Yellow
I = Immediate = Red
Dec = Deceased = Black

15	Severe difficulty breathing, chest injury, broken ribs	R – Over 30 per minute P – Under 2 seconds M – Responds to verbal commands	
16	Big lump on forehead, hysterical	R – Below 30 per minute P – Under 2 seconds M – Responds to verbal commands	
17	Amputated left arm, bleeding controlled	R – Below 30 per minute P – Under 2 seconds M – Responds to verbal commands	
18	Large head wound, brain matter showing	R – Absent P – Over 2 seconds M – No response to verbal commands	
19	Minor abrasions	R – Below 30 per minute P – Under 2 seconds M – Responds to verbal commands	
20	Bruise on forehead, blood in ears and nose	R – Below 30 per minute P – Under 2 seconds M – No response to verbal commands	
21	Third degree burns over front of both legs	R – Below 30 per minute P – Under 2 seconds M – Responds to verbal commands	
22	Compound fracture, left arm	R – Below 30 per minute P – Under 2 seconds M – Responds to verbal commands	
23	Impaled shard of glass in chest	R – Below 30 per minute P – Under 2 seconds M – Responds to verbal commands	
24	Second degree burns on both arms	R – Over 30 per minute P – Under 2 seconds M – Responds to verbal commands	
25	Blood in right eye	R – Below 30 per minute P – Under 2 seconds M – Responds to verbal commands	
26	Three month old infant, with no visible injury	R – Absent P – Over 2 seconds M – No response to verbal commands	
27	Impaled object, abdomen; difficulty breathing	R – Over 30 per minute P – Under 2 seconds M – Responds to verbal commands	
28	Patient walking around talking rapidly, repeating the same words over and over, e.g., “Did you see that?”	R – Below 30 per minute P – Under 2 seconds M – No response to verbal commands	
29	Spurting blood from neck injury	R – Over 30 per minute P – Under 2 seconds M – Responds to verbal commands	
30	Patient states she is a diabetic; skin moist and clammy, feels shaky and appears disoriented.	R – Below 30 per minute P – Under 2 seconds M – No response to verbal commands
